## PROFESSIONAL SUMMARY

I am a creative individual who is very adaptable, reliable, well organized, and self-motivated. I can work excellently alone or in a group. My expertise is varied from fashion design, digital design, web design, and development to business management.

I've spent the last seven months studying Web development through ITCareerSwitch. I have passed the Microsoft exam 70-480: programming in html5 with javascript and css3. My most recent works can be found online at [tampham.co.uk](http://tampham.co.uk)

In my spare time, I have a wide variety of interests including practicing martial arts, dancing, and gardening.
